

PHARMACEUTICAL DIVISION

The Pharmaceutical Division specialises in Rapid Microbiology and Process Analytical Testing. Our areas of expertise include Environmental Monitoring, Rapid Microbial Detection (WFI, Process Water, Cell Culture and Vaccines), Rapid Microbial Identification, Rapid BioBurden Analysis, Rapid Decontamination and Sanitization, and Calibration of Liquid Handling systems and Pipettors. Technopath offers full on-site validation and technical support for each of its products, all of which are FDA approved and result in an increase in productivity and a potential decrease in product loss.
